Art Unit: 3632

This is an office action for serial number 10/528,087.

Allowable Subject Matter

The indicated allowability of claims 9 and 12 is withdrawn in view of the newly discovered reference(s) to Eldon III.

Rejections based on the newly cited reference(s) follow.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 9, and 12 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Eldon, III 4,328,943. Eldon discloses a stand with a column (44), a base section (bottom of column that is conventional on a chair), head unit (10), pivot element (near 10d), a horizontal pivot shaft (16), receiver element/flange-shaped fastening element (flat upper surface of 10), a pin (12), a vertical gap (space between arms of 12), telescopically profiled section (conventional gas cylinder are known to be telescopic). It would have been obvious to one having ordinary

skill in the art at the time of the invention to have modified Eldon to have made the pin being a male member and the top of the column a female member since it has been held that a mere reversal of the essential working parts of a device involves only routine skill in the art. *In re Einstein*, 8 USPQ 167.

Allowable Subject Matter

Claims 3-8, 10, 11, 13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.
